## Profile

---

As a recent graduate eager to embark on a dynamic career in Software Engineer. Possessing a Bachelor's degree in Computer Science from Vignan Institute of Technology And Management, I have honed my analytical and problem-solving skills, with a keen eye for detail and a commitment to delivering high-quality results.

## Education

---

2020/05 – 2024/05  
Berhampur, India

### B.tech in Computer Science

*Vignan Institute Of Technology And Management*

Bachelor of Technology in Computer Science, Vignan Institute of Technology and Management. Completed rigorous coursework covering algorithms, data structures, and software engineering principles.

## Projects

---

2023/11 – 2024/03

### Zomato Complete Clone

Developed a comprehensive Zomato clone utilizing HTML, CSS, Bootstrap, Javascript and React for the frontend, providing a seamless user interface and experience. Implemented a robust backend using Node.js and Express.js, with MongoDB as the database, ensuring efficient data management and retrieval.

2023/11 – 2023/12

### Weather App

Developed a responsive Weather App using HTML, CSS, and JavaScript, integrating weather APIs for real-time updates based on user location input. Enhanced frontend development skills and demonstrated proficiency in API integration, resulting in a user-friendly and intuitive application offering accurate weather forecasts.

## Courses

---

2023/10 – 2024/04

### Edureka Full Stack Development Internship

*Edureka*

Completed an intensive internship at Edureka, specializing in the MERN stack (MongoDB, Express.js, React, Node.js). Acquired hands-on experience in building dynamic web applications, mastering frontend and backend development techniques, and deploying applications to production environments, enhancing proficiency in full-stack development.

## Skills

---

### Frontend Development

HTML , CSS , Bootstrap , Javascript , React

### Backend Development

Node.js , Express.js , Rest API , MongoDB

### Languages

Javascript , C++ , C

### IDE

VS Code , Ecilipse

### Core Subjects

DBMS , OS , CN , Data Structures , OOPS

### Framsworks

React , Node.js , Express.js , Handlebars , PUG , JSON
